Nordiana Mohd Nordin obtained a Bachelor of Science in Information Science with Honours (Records Management and Archive Administration) from Universiti Teknologi MARA and a Master of Library & Information Studies from Victoria University of Wellington, New Zealand. She is currently a PhD student at UiTM. Before turning to academia, she worked in an oil and gas company in Scotland as a Document Controller and as an Assistant Librarian in some private universities in Malaysia. She is currently working as a Senior Lecturer at the School of Information Studies, University of Computing, Informatics and Media at UiTM Shah Alam. She is actively involved in a research project for ASEAN, including Korea and Japan in the field of student's mobility. Her interests include information governance, cultural heritage, archives management, internationalisation of higher education, student mobility and environmental management. In 2019, she was awarded for most research projects in the Faculty and in 2021, she was awarded as Q1 author for a paper published under the Business and Management cluster. She is also actively involved in records management consultancy for organisations in Malaysia and is also invited as a guest speaker in Indonesia and China universities.
